PROFESSIONAL SUMMARY

Business development and account management professional with 3+ years of experience advising enterprise clients on supplier sourcing, procurement strategy, and complex B2B purchasing decisions across infrastructure and technology solutions. Proven track record managing executive relationships, identifying new business opportunities through proactive outreach, and guiding organizations through vendor evaluations and commercial negotiations. Academic background in sustainability with hands on experience developing commercial energy advisory initiatives and supporting enterprise procurement strategies.

WORK EXPERIENCE

SIX PLAY CONSULTING

Global Account Lead

January 2025 – Present

- Manage a portfolio of 20+ enterprise accounts representing approximately \$1.5M in recurring revenue across EV, aviation, manufacturing, banking, gaming, and commercial real estate.
- Advise enterprise clients on complex procurement initiatives spanning connectivity, mobility, data center, AI infrastructure, cloud, and technology solutions, aligning business objectives with supplier capabilities.
- Source, evaluate, and negotiate supplier partnerships, guiding clients through vendor selection, commercial evaluations, and contract negotiations.
- Built Six Play's go to market strategy for commercial energy advisory and ESG services by establishing supplier relationships, developing sales processes, and creating repeatable client engagement frameworks.
- Generate new business opportunities through outbound prospecting, executive relationship development, and account expansion while maintaining a consistent enterprise sales pipeline.
- Built AI assisted pipeline reporting and forecasting systems from scratch, improving opportunity visibility, forecast accuracy, and executive reporting.
- Serve as the primary strategic advisor for enterprise clients, partnering with stakeholders from operations through the C suite to support procurement decisions, contract renewals, and long term account growth.

Product Lead, ASTRA SaaS Platform

March 2023 – Present

- Lead commercial strategy and customer adoption for a proprietary enterprise SaaS platform, partnering with engineering to prioritize product roadmap initiatives and launch customer driven features.
- Lead enterprise client onboarding, implementation, and executive product demonstrations, translating technical capabilities into measurable business value while supporting approximately 100 users across 10 customer organizations with 100% customer retention.
- Gather customer feedback through quarterly business reviews and translate operational insights into engineering requirements that improve platform usability and customer experience.

Account Manager

January 2023 – January 2025

- Managed enterprise account portfolios across power, commercial real estate, technology, manufacturing, and financial services, maintaining long term client relationships through consultative account management and strategic planning.
- Supported clients through supplier sourcing, solution evaluation, procurement strategy, and contract negotiations across telecommunications, UCaaS, mobility, Starlink, cloud, data center, and AI infrastructure solutions.
- Partnered with enterprise clients to evaluate vendor proposals, compare commercial offerings, and develop procurement strategies supporting multimillion dollar infrastructure investments.
- Created executive business cases and decision support materials for C level stakeholders evaluating complex technology and infrastructure initiatives.
